

Subject: 2025 CMRT 6.5 Request from AXIOMATIC

Dear Valued Supplier,

As part of **Axiomatic Technologies Inc.'s** commitment to ethical sourcing and regulatory compliance, we are reaching out to request your participation in completing the revised Conflict Mineral Reporting Template (CMRT) 6.5.

The CMRT is a standardizes reporting template developed by the Responsible Minerals Initiative (RMI) to facilitate the disclosure and communication of information regarding the sourcing of conflict minerals (tin, tungsten, tantalum, and gold, also known as 3TG) within supply chains. This template helps companies like ours ensure that the minerals used in our products do not originate from sources that finance armed conflict or involve human rights abuse, particularly in the Democratic Republic of Congo (DRC) and adjoining countries.

Your timely and accurate completion of the CMRT 6.5 is crucial for several reasons.

- It ensures that we, and by extension, our customers, comply with the Dodd-Frank Act requirements.
- it helps promote ethical sourcing practices that prevent human rights abuses, including child and forced labor.
- it supports our commitment to maintaining a supply chain free from conflict minerals sourced from non-conformant smelters and refiners.

Instructions for Completing the CMRT 6.5

1. **Download the Template:** Please download the latest CMRT 6.4 from the RMI website at: [CMRT 6.5 Download](#)
2. **Follow the Guide:** Refer to the completion guide to accurately fill out the template. The guide can be found here: [CMRT Completion Guide](#)
3. **Review Smelters:** Review the list of non-conformant smelters and refiners included as an attachment in this email. If any smelters reported in your CMRT match these non-conformant smelters, please be prepared for further verification and corrective action requests.
4. **Submit the Completed Template:** **Please complete the CMRT 6.5 and return it to us by June 29, 2025.** Your prompt response will aid us in fulfilling our due diligence requirements and supporting a responsible and transparent supply chain.

Thank you for your continued support and prompt attention to this matter. We look forward to your cooperation in this important initiative.
