

PRESS RELEASE

April 2, 2012 – Mississauga, Canada

Axiomatic announces the appointment of their new Australian representative, Macquarrie Corporation Pty. based out of Campbellfield, Victoria.

Macquarrie Corporation has been operating for over 60 years and has grown from a company that specialized in diesel engine reconditioning to one which now offers a multitude of products to a wide range of markets. Macquarrie Corporation has branches across the Eastern seaboard of Australia with a full complement of Engineering project staff that can develop complete solutions to meet engine control requirements.

Axiomatic provides electronic machine controls, components and systems to the off-highway, military, mining, power generation, material handling, electric vehicle, industrial and alternate energy markets.
